Who we are?

With more than 20 years of accounting experience working in and outside the IRS, Daysi Jacobson provides unparalleled and personalized accounting services for everyone.

"Our primary goal as a trusted advisor is to be available and to provide insightful advice to enable our clients to make informed financial decisions. We do not accept anything less from ourselves and this is what we deliver to you" Daysi Jacobson - Founder & CEO.

Located in the beautiful Ponte Vedra Beach ranked by Money Magazine as one of Highest Income Areas in Florida . We are an Award Winning Tax Preparation & Accounting Services Company.

We are a team of friendly, experienced professionals dedicated to delivering quality accounting solutions.

Our experience goes beyond any local or regular accounting firm you have worked before.

10 years working as a Federal Revenue Agent for the Internal Revenue Services, allows our firm to have the insight, knowledge, and experience that will help you navigate the complicated tax laws with ease. We are committed to providing education, support, and guidance throughout the entire process.

While working for the IRS Daysi Jacobson had the responsibility of:

- **Conducting independent examinations and related investigations** of income tax returns that covered a diversified spectrum of individual and business taxpayers, including sole proprietorship, partnerships, fiduciaries, small-size C Corporations, and S Corporations. Examinations may also contain special audit features or anticipated accounting, tax law, or investigative issues.
- **Conducting examinations** to detect unreported income from individual and business taxpayers using financial and other investigative skills.
- **Conducting package audits** to determine that other required returns such as information, excise, or specialty returns are filed and conduct concurrent examinations or make referrals of these and other returns when warranted.
- **Identifying issues** to be pursued based on large, unusual, or questionable items which produce significant tax or compliance effects and utilizing the appropriate tax law and facts needed to resolve them.
- **Utilizing standard accounting methods** and techniques during examinations in order to develop information regarding the income and financial operations of taxpayers.
- **Examine accounting systems** and records including computerized accounting and financial information systems which reflect a variety of complex financial operations.
- **Confer with taxpayers** or their representatives to explain the accounting and other issues involved and the applicability of pertinent tax laws and regulations and explain proposed adjustments.

For Individuals The Stress of Tax Season is Real!¹

Stress-free Tax and Accounting Services

Tax Advisory Services

Consultation

Tax Advisory services includes analyzing financial and tax problems, formulating solutions, and making recommendations designed to provide advice on taxation for clients ranging from individuals to business.

Tax Planning for Individuals & Businesses

Tax planning is crucial to make sure everything is handled correctly. In addition to reducing filing errors and preventing unnecessary audits. We'll be able to advise you on how much money your business needs

to put aside – so there aren't any surprises. Tax planning helps clients understand the tax effects of each financial decision.

Tax Resolution | Tax Representation Federal & State

Tax resolution is a process that is handled by a tax resolution company to assist you with any debt that you have with the IRS. The goal is to minimize what you owe to the IRS as much as possible. Tax resolution is usually needed when someone owes the IRS back tax and has put off paying it for a length of time.

Tax Return Preparation Services

Individual Tax Returns

Tax preparation is the process of arranging and filing tax returns in compliance with federal and state tax laws. After a taxpayer file their return, they'll find out whether they owe the IRS money or if they'll receive a tax refund.

Business Tax Returns

If you own a business, you need to file a company tax return. A business tax return reports your company's income, tax deductions, and tax payments. All businesses must file tax returns.

For Businesses

80% of Small Business Owners Feel Stressed During Tax Season². We will ensure that all your financial decisions are made carefully and with your best interests in mind.

Accounting Services

Bookkeeping & Quickbooks Assistance

Bookkeeping is the most basic accounting service; it helps your business have all its financial information in order. Bookkeepers help your company keep records of financial transactions in order and up to date.

Payroll

Payroll accounting consists of preparing, creating, and keeping all workers' payroll documents. This includes data like paychecks, taxes, benefits, and bonuses each employee receives.

Payroll Accounting makes sure that all the information follows the government's guidelines. Payroll accounting helps companies ensure employees payment, accurate tax returns, and consistent

file reports. Something to keep in mind is that payroll accounting is important to all businesses of all sizes.

Sales Tax

A sales tax is a consumption tax imposed by the government on the sale of goods and services. A conventional sales tax is levied at the point of sale, collected by the retailer, and passed on to the government.

A business may be liable for sales taxes in a given jurisdiction if it has a presence there, which can be a brick-and-mortar location, an employee, or an affiliate, depending on the laws in that jurisdiction.

Business Formation

We help international companies gain access to the US market

Business formation is the decision that needs to be made when creating the structure of your business. Choosing between different business structures, such as a sole proprietorship, a partnership, an LLC, a corporation, and a non-profit, will impact the future decisions you'll make for your business.

Choosing the appropriate business formation from the start is an important strategy for determining your responsibilities, liabilities, privileges, and restrictions.

S-Corp Election & Late S-Corp Election

An S Corporation, also known as an S Corp, is a specific type of corporation that is created by filing an IRS tax election. This allows those that can avoid double taxation while protecting the owner from liability. S Corps are the most common type of corporation. About 70 percent of all corporations are an S Corp.

Client Reviews

“ I had Daysi Jacobson Accounting do my taxes for the first time this year after my old accountant retired - and I was nervous about starting anew. I was thoroughly impressed with her knowledge, efficiency, and easy processes to upload documents to prepare for the meeting. I highly recommend her; my taxes were done quickly, and it didn't feel like the burden it's been in other years. ”

“ I was looking for someone who would answer my questions and almost everyone I reached out to didn't seem competent in my situation until I meet with Daysi and her team. They were professional and very knowledgeable. Her insight into my situation made me feel like she has known me my entire life. It was the best decision I made to have her handle my taxes. A+ ”

“ Daysi and her associates are absolutely incredible. So patient and so knowledgeable, they have been a true blessing for my business when I needed it the most. ”
